All guarantees and benefits of the insurance policy are subject to the claims-paying ability of the issuing insurance company. MoneyGuard Market Advantage® is a variable universal life insurance policy with a Long-Term Care Benefits Rider (LTCBR) that accelerates the specified amount of death benefit to pay for covered long-term care expenses and continues long-term care benefit payments after the entire specified amount of death benefit has been paid. Any surrender benefit provided will be adjusted by any loans/loan interest/loan repayments, withdrawals taken, and claim payments made. The cost of riders will be deducted monthly from the policy accumulation value. The insurance policy and riders have limitations, exclusions and reductions. Renewability, Termination and Cancellability: The LTCBR is noncancelable. This means you have the right, subject to the terms of your policy and rider(s), to continue this rider as long as your policy stays in-force. The Lincoln National Life Insurance Company cannot change any of the terms of your policy and rider(s) on its own and cannot increase the monthly rider charges or monthly inflation charges. If your policy enters a grace period, we will allow 61 days to pay a premium sufficient to prevent your policy from lapsing. The Long-Term Care Benefit Rider may not cover all costs associated with long-term care costs incurred by the insured during the coverage period. All contract provisions, including limitations and exclusions, should be carefully reviewed by the owner. For costs and complete coverage details, contact your financial professional.
