Lincoln requires additional information before offering a stable value solution to any plan that requires an MVA restoration or has more than \$10M in assets. Additional information also may be required for other plans, as deemed necessary by Lincoln.

Lincoln Financial Group is a premier provider of stable value solutions and has offered risk management expertise, financial strength, and attractive contract provisions to defined contribution plan sponsors and participants for over 40 years.

The Lincoln Stable Value Account offers the following features:

- **Stability:** Participant account balances are credited daily with interest and don't fluctuate with market ups and downs.
- **Liquidity:** Participants have daily liquidity at full book value (principal and interest) for all participant-initiated events. A 90-day equity wash applies for transfers to competing funds.
- **Yield:** Lincoln offers competitive interest crediting rates, protection from market volatility, and potential for improved earning power over other types of short-term investments.
- **Guaranteed minimum interest rate (GMIR):** Lincoln guarantees that the interest credited will never fall below the minimum as specified in the contract — at least 1.00% in most states.
- **Trading and portability:** The Stable Value Account trades through the National Securities Clearing Corporation (NSCC) or can trade manually, as needed. The product is also fully portable, which means it can continue to be offered as an investment option on any recordkeeping platform based on the administrative capabilities of the new recordkeeper and underwriting approval by Lincoln.
- **Guaranteed crediting rate:** Net crediting rates are guaranteed through June 30, 2026.
- **Minimum investment:** No minimum investment is required.

Investment portfolio

Lincoln Stable Value Accounts are invested in a broadly diversified portfolio of predominantly fixed income instruments. The primary objective is to maximize investment income while maintaining preservation of capital.
