Your guide to the e-signature process

With our secure electronic signature solution, you can quickly access and sign documents that require your signature. We've designed this e-signature experience to be easy to use, but if you do have questions or need any help, please call us at 877-700-5347.

1 Click the link in email

Once the application is processed, you will receive an email with detailed instructions. With one click from any internet-enabled device, you can review your documents and begin the electronic signing process. When contracts require more than one signature (joint owner, annuitant that is not an owner, etc.), each required signer will receive this email.

Logging in:

To view and sign your application, please use the link included below. You will be prompted to log in with the last four digits of your social security number and date of birth. Upon entering the site, select "sign Application". You will then see "Document Sets" that must be viewed, achievedged and signed. Click "Continue" when you are ready to review and sign your paperwork.

Note: If a new window does not outomotically appear, you may have to capy the link and paste it into the address bar of a new browser window.

2 Login

The link in the email will bring you to the login page. To verify your identity, we require you to enter the last four digits of your Social Security number and your birth date.

Review documents

The summary page will show the Document Set(s) that requires your review and signature. Select **Continue** to open and review each document set. Click on each document listed in the **Document Set** to review for accuracy. For each document, check **I have reviewed and agree with the terms expressed within this document.**

4) Sign each document set

Once all documents have been reviewed, select **Sign**. This will bring you to the screen that captures your electronic signature.

You may keep the typed signature or use your mouse to "write" your signature in the yellow signature area. By selecting **I Consent**, your electronic signature is securely captured and legally accepted.

If applicable, repeat steps 3 and 4 for any remaining Document Set(s).
