Lincoln Variable Insurance Products Trust (LVIP) American Preservation Fund is a fund-of-funds comprised of American Funds.

A variable annuity is a long-term investment product that offers tax-deferred growth, access to investment managers, and a lifetime income stream. Consider that its value will fluctuate with the market; it is subject to investment risk and possible loss of principal; it has various costs; and all guarantees, including those for optional features, are subject to the claims-paying ability of the issuer.

Sources: Capital Group, S&P Dow Jones Indices LLC, Bloomberg Index Services Ltd., MSCI. Chart shows growth of a hypothetical \$100,000 investment from 12/31/2012 through 12/31/2022, for both the TRICAP portfolio allocations and the two representative index blends composed of 75% S&P 500, 25% Barclays US Govt and 55% S&P 500, 20% MSCI ACWI X US, 25% Barclays US Govt, respectively. Results are net asset value with all distributions reinvested and monthly rebalancing. TRICAP portfolio allocation returns reflect Class 4 fund expenses for the American Funds Growth Fund and American Funds Growth-Income Fund, and Class II fund expenses for the LVIP American Preservation Fund. The indices are unmanaged and, therefore, have no expenses. Index returns do not reflect subaccount or product fees, expenses or sales charges. Past performance is no guarantee of future results. Variable annuities are long-term investment products designed for retirement purposes and are subject to market fluctuation, investment risk, and possible loss of principal. Variable annuities contain both investment and insurance components and have fees and charges, including mortality and expense, administrative, and advisory fees. Optional features are available for an additional charge. The annuity's value fluctuates with the market value of the underlying investment options, and all assets accumulate tax-deferred. Withdrawals of earnings are taxable as ordinary income and, if taken prior to age 59½, may be subject to an additional 10% federal tax. Withdrawals will reduce the cash surrender value.

Investors are advised to consider the investment objectives, risks, and charges and expenses of the variable annuity and its underlying investment options carefully before investing. The applicable prospectuses for the variable annuity and its underlying investment options contain this and other important information. Please call 888-868-2583 for free prospectuses.
